

117TH CONGRESS  
2D SESSION

# S. 4031

To award posthumously a Congressional Gold Medal to Henrietta Lacks, in recognition of her immortal cells which have made invaluable contributions to global health, scientific research, our quality of life, and patients' rights.

---

## IN THE SENATE OF THE UNITED STATES

APRIL 7, 2022

Mr. VAN HOLLEN (for himself and Mr. CARDIN) introduced the following bill; which was read twice and referred to the Committee on Banking, Housing, and Urban Affairs

---

## A BILL

To award posthumously a Congressional Gold Medal to Henrietta Lacks, in recognition of her immortal cells which have made invaluable contributions to global health, scientific research, our quality of life, and patients' rights.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

**3 SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Henrietta Lacks Con-  
5 gressional Gold Medal Act”.

**6 SEC. 2. FINDINGS.**

7       Congress finds the following:

1                   (1) Henrietta Lacks, an African-American  
2 woman born on August 1, 1920, in Roanoke, Vir-  
3 ginia, was raised by her grandfather on a tobacco  
4 farm in Clover, Virginia.

5                   (2) Henrietta Lacks, her husband, and family  
6 moved to Baltimore, Maryland in 1941 seeking eco-  
7 nomic opportunity at the Bethlehem Steel Plant.

8                   (3) In 1951, Henrietta Lacks sought treatment  
9 for her continuous vaginal bleeding from The Johns  
10 Hopkins Hospital, which was one of the few hos-  
11 pitals willing to treat African Americans at that  
12 time. Gynecologists discovered a large, malignant  
13 tumor on her cervix.

14                  (4) Unbeknownst to Henrietta Lacks or her  
15 family, medical researchers took samples of Hen-  
16 rietta Lacks' tumor during her treatment without  
17 her consent. Henrietta Lacks' cells, now known as  
18 "HeLa Cells", doubled every 20 to 24 hours whereas  
19 other human cells died in the same time period. The  
20 HeLa Cells are the first known immortal line of  
21 human cells in history.

22                  (5) On October 4, 1951, 31-year-old Henrietta  
23 Lacks died of an aggressive cervical cancer eight  
24 months after her cancer diagnosis, leaving behind  
25 her husband and 5 children.

1                         (6) The HeLa immortal cell line is the oldest  
2 and most used human cell line used in scientific re-  
3 search. Henrietta Lacks' immortal cells have been  
4 commercialized and distributed worldwide to re-  
5 searchers, resulting in groundbreaking advancements  
6 in modern science and technology.

7                         (7) Henrietta Lacks' prolific cells continue to  
8 replicate to this day and contribute to remarkable  
9 advances in medicine, including the development of  
10 the polio vaccine and drugs used to treat cancer,  
11 HIV/AIDS, hemophilia, leukemia, and Parkinson's  
12 disease. HeLa cells have been used in research that  
13 has contributed to our understanding of the effects  
14 of radiation and zero gravity on human cells, and  
15 have informed research on chromosomal conditions,  
16 cancer, gene mapping, and precision medicine.

17                         (8) The use of HeLa cells as the foundation for  
18 biomedical research has led to several Nobel Prize  
19 winning discoveries. The National Institute of  
20 Health located over 110,000 publications that cited  
21 the use of HeLa cells between 1953 to 2018. These  
22 advances were made possible by Henrietta Lacks'  
23 cells, yet the revenues they generated were not  
24 known to her family for more than twenty years.

1                             (9) Henrietta Lacks is a linchpin to modern  
2                             bioethics policies and informed consent laws that  
3                             benefit patients nationwide by building patient trust  
4                             and protecting research participants.

5                             (10) Henrietta Lacks' legacy has been recognized around the world through memorials, conferences, museum exhibitions, libraries, and print  
6                             and visual media for changing the face of medical  
7                             science.  
8

9                             **10 SEC. 3. CONGRESSIONAL GOLD MEDAL.**

11                             (a) PRESENTATION AUTHORIZED.—The Speaker of  
12                             the House of Representatives and the President pro tempore of the Senate shall make appropriate arrangements  
13                             for the posthumous presentation, on behalf of Congress,  
14                             of a gold medal of appropriate design in commemoration  
15                             of Henrietta Lacks, in recognition of her immortal cells  
16                             which have made invaluable contributions to global health,  
17                             scientific research, our quality of life, and patients' rights.

18                             (b) DESIGN AND STRIKING.—For the purposes of the  
19                             presentation referred to in subsection (a), the Secretary  
20                             of the Treasury (hereafter in this Act referred to as the  
21                             “Secretary”) shall strike a gold medal with suitable emblems, devices, and inscriptions, to be determined by the  
22                             Secretary.

23                             (c) SMITHSONIAN INSTITUTION.—

1                             (1) IN GENERAL.—Following the award of the  
2                             gold medal under subsection (a), the gold medal  
3                             shall be given to the Smithsonian Institution, where  
4                             it shall be available for display as appropriate and  
5                             made available for research.

6                             (2) SENSE OF CONGRESS.—It is the sense of  
7                             Congress that the Smithsonian Institution should  
8                             make the gold medal received under paragraph (1)  
9                             available for display elsewhere, particularly at other  
10                            appropriate locations associated with Henrietta  
11                            Lacks.

12 **SEC. 4. DUPLICATE MEDALS.**

13                             The Secretary may strike and sell duplicates in  
14                             bronze of the gold medal struck pursuant to section 3, at  
15                             a price sufficient to cover the cost thereof, including labor,  
16                             materials, dies, use of machinery, and overhead expenses.

17 **SEC. 5. STATUS OF MEDALS.**

18                             (a) NATIONAL MEDALS.—The medals struck pursu-  
19                             ant to this Act are national medals for purposes of chapter  
20                             51 of title 31, United States Code.

21                             (b) NUMISMATIC ITEMS.—For purposes of section  
22                             5134 of title 31, United States Code, all medals struck  
23                             under this Act shall be considered to be numismatic items.

1   **SEC. 6. AUTHORITY TO USE FUND AMOUNTS; PROCEEDS OF**  
2                 **SALE.**

3                 (a) AUTHORITY To USE FUND AMOUNTS.—There is  
4   authorized to be charged against the United States Mint  
5   Public Enterprise Fund such amounts as may be nec-  
6   essary to pay for the costs of the medals struck under  
7   this Act.

8                 (b) PROCEEDS OF SALE.—Amounts received from the  
9   sale of duplicate bronze medals authorized under section  
10  4 shall be deposited into the United States Mint Public  
11  Enterprise Fund.
